BSJU Accreditation

The new 'Quality Mark' for Shuai Jiao in the United Kingdom is the BSJU Accreditation. BSJU Accreditation means that the school is recognised by the BSJU and international governing bodies. This 'Quality Mark' will provide participants with an assurance that the Shuai Jiao being taught aligns with the expected standards and that the Coach (Instructor) has demonstrated the required knowledge and skills to teach competently and safely. The safeguarding aspect of the accreditation process is mandatory, and aligns with the Safeguarding Code in Martial Arts.

The BSJU Executive Board has agreed to resume training and seminars for Coaches and to restart the Accreditation Programme. These can be booked online, visit our [learning and development](#) page for further information.
